# USB Port Security System

**USB Port Lock with Rectangular Cable Guard**

The innovative and easy to use USB Port Security System provides easy, instant, maintenance-free data protection that eliminates the burden of software installations and updates. Block ports and maintain use of authorized USB devices with a physical locking solution. Use as stand-alone USB port protection or part of a multi-layered data protection strategy.

**LOCK.** USB Port Lock, a small device that plugs directly into your USB Port and easily locks with a push button, blocking the USB port from unauthorized use.

**BLOCK.** The USB Port Block is a strong, flat metal plate that covers and blocks an additional USB port adjacent to a port locked with a USB Port Lock.

**GUARD.** The USB Cable Guard captures the cable of an authorized USB device, such as a keyboard or mouse, and locks it into a port adjacent to a USB Port Lock. This prevents the unauthorized use of two ports while allowing use and preventing removal of the authorized USB device.

# USB Port Security System

- **Protects Computer Data** – Prevents unauthorized data transfer through USB ports, reducing the risk of data leakage, data theft, computer viruses and malware by physically locking and blocking the USB Ports.
- **Easy to Install** – Just plug into the USB port and push the button to lock. No technical experience necessary.
- **Securely Locks in an Authorized Device's USB Cable** – (far left) The USB Cable Guard used with the USB Port Lock allows secured use of an authorized USB device by capturing the device's cable and locking it into the USB port.
- **Blocks Dual Ports with Only One Lock** – (below) A USB Port Block used with a single USB Port Lock prevents access to adjacent ports with either vertical or horizontal orientation.

Standalone USB Lock

USB Lock w/ Square Port Block

- **Secures without Software** – Physically protects valuable data without the complication, installation, maintenance, and upgrade costs of software
- **Visible Deterrent** – Stop thieves before the start with a visible sign that you're being protected
- **Prevents "Key Logging" Hardware** – Prevents Key Loggers from being plugged into your Keyboard's USB cable
- **Keying Options** – Available Keyed Differently and Keyed Alike to meet corporate and individual needs
- **Customize Your Fit** – Snap on spacers included in three different sizes to ensure a perfect and secure fit
- **Steel Construction** – Both the USB Port Block and USB Cable Guard are built with steel for maximum protection.
- **Won't Damage Equipment** – Unlike adhesive solutions, the USB Port Security System can be removed at any time without causing damage to equipment

**Limited 3 Year Product Warranty** – Quality workmanship guaranteed

# USB Port Security System

## MODEL NUMBERS & SPECIFICATIONS

### USB Port Lock - 5 Pack

Includes: 5 USB Port Locks, 2 keys, 5 sets of 3 spacers

Secures: Each USB Port Lock blocks and locks a single USB port

**KD** 8505-90

**KA** 8505-92

### USB Port Lock - Single

Includes: USB Port Locks, 1 key, 1 sets of 3 spacers

Secures: Blocks and locks a single USB port

**KD** 8500-90

**KA** 8500-92

### USB Cable Guard - 5 Pack

Includes: 5 USB Cable Guards (USB Port Lock required for each, sold separately)

Secures: Port with USB Device on a port adjacent to USB Port Lock

SQUARE 0405-00

RECTANGULAR 0415-00

### USB Cable Guard - 5 Pack

Includes: 5 USB Cable Guards (USB Port Lock required for each, sold separately)

Secures: Port with USB Device on a port adjacent to USB Port Lock

SQUARE 0405-00

RECTANGULAR 0415-00

### USB Cable Guard - Single

Includes: 1 USB Cable Guard (USB Port Lock required, sold separately)

Secures: Port with USB Device on a port adjacent to USB Port Lock

SQUARE 0400-00

RECTANGULAR 0401-00

### USB Port Block - 5 Pack

Includes: 5 USB Port Blocks (USB Port Lock required for each, sold separately)

Secures: Each USB Port Block secures one port adjacent to USB Port Lock

SQUARE 0505-00

RECTANGULAR 0515-00

### USB Port Block - Single

Includes: 1 USB Port Block (USB Port Lock required, sold separately)

Secures: One port adjacent to USB Port Lock

SQUARE 0500-00

RECTANGULAR 0501-00

Keying Options:

**KD** Keyed Differently

**KA** Keyed Alike

## TECHNICAL SPECIFICATIONS

### USB PORT SECURITY SYSTEM

	US	Metric
<b>USB Port Lock</b>		
Tech. Requirements	Most Type A USB Ports	
Lock Materials	Die cast zinc alloy / metal	
Housing Materials	ABS	
Housing Color	Red	
Length	1.26 in	32.0 mm
Width	0.74 in	18.8 mm
Height	0.32 in	8.10 mm
Weight	0.27 oz	8.5 g

### USB Cable Guard / Square

Materials	Steel, powder coated finish	
Color	Black	
Length	0.94 in	24 mm
Width	0.91 in	23 mm
Height	1.90 in	48 mm
Weight	0.92 oz	28.7 g

### USB Cable Guard / Rectangular

Materials	Steel, powder coated finish	
Color	Black	
Length	0.51 in	13 mm
Width	1.77 in	45 mm
Height	1.90 in	48 mm
Weight	0.98 oz	30.5 g

### USB Port Block / Square

Materials	Steel, zinc galvanized finish	
Color	Galvanized Steel	
Length	0.74 in	18.8 mm
Width	0.75 in	19.05 mm
Height	0.04 in	1.1 mm
Weight	0.08 oz	2.4 g

### USB Port Block / Rectangular

Materials	Steel, zinc galvanized finish	
Color	Galvanized Steel	
Length	1.32 in	33.5 mm
Width	0.43 in	10.8 mm
Height	0.04 in	1.1 mm
Weight	0.07 oz	2.4 g
